

February 2021 issue

WE WILL HAVE OUR NEXT VIRTUAL MEETING, ON FEBRUARY 16 AT 6:45 P.M. WATCH FOR YOUR EMAIL INVITATION AND JOIN US!

The virtual meeting on January 19 went well with approximately 25 people in attendance. Most were through video connections and a few by phone.

Instructions for the virtual meetings will come in an email a couple of days before the meeting and will have instructions on how to connect.

January Highlights

Jared shared information and showed us, using the screen share feature of our virtual meeting format, how to use the Michigan Department of Environmental Quality's Geo Web Face webtool. Using a map of Michigan, you can highlight various layers of the maps to show things like copper mines, gravel pits, geologic rock types and many other features.

Here is the link to that feature:

<https://www.deq.state.mi.us/GeoWebFace/>

Janet Ryan also gave us a virtual video tour of her jewelry and lapidary workshop.

At the February virtual meeting, officers will be elected for 2021. If you are interested in an officer position, please contact Jared to express your interest or to get more information on which positions might be available.

HAPPY GOLDEN ANNIVERSARY GTARMC !!

Jared was looking through some paperwork and realized that November was the 50th anniversary of the founding of the club. There have been a lot of changes in the club over the years from its beginning with just a few members to the vibrant large club we have now. It has met in many different places over the years including the City Owned Traverse City Senior Center on the bay on Front Street, the City's Carnegie Building on 6th Street, where Crooked Tree Art Center now has their Traverse City operations, and where our club workroom is located. Our annual rock and mineral shows have been held at Northwestern Michigan College, the Carnegie Building, GT County's Civic Center and most recently at the Cherryland VFW post. There have been countless field trips, both formal and the informal meeting of members at a particular location.

We look forward to the next 50 years and all of the shows, trips, meetings and other special events that will take place. We hope to have a more hands-on event at some time this year after COVID-19 allows us to resume normal in-person events.

Upcoming Field Trip Planning

Garry Bull has volunteered take over the Field Trip Coordinator position from Kevin Gauthier. Kevin will still plan the trip to the U.P. in early September. Here is some information from Gary.

"I let Jared know that I would take the Field Trip Coordinator position for the club. Unfortunately, with Covid we are restricted on some places to go. I do know that Kevin Gauthier is planning a trip in September for Keweenaw and Randy usually schedules us for an outing to the Meauwataka gravel pit, too.

If anyone has any suggestions I can see if I can schedule them in. Deb and I have done many out-of-state trips to Kentucky if anyone would like information. Feel free to call me at 231-590-3397. I will create a sign-up sheet online as needed until we can meet in person again. All input is welcome.
email: superior_engine_service@yahoo.com or debannbull@gmail.com.
-Gary Bull 231-590-3397”

INTERESTING MICHIGAN GEOLOGIC INFO

Below is a link to an article from the Michigan State University Geology Department on the Geology of the Great Lakes Region. Thanks to Deb Bull for sending this information to be included in the newsletter.

Deb and Gary Bull have some large sturdy buckets at their house that Jared procured. A small donation to the club is required per bucket.

The above contact list will be included in each newsletter so that you know who to contact for various items.

Anyone that has paid their 2020 membership dues will not have to pay any 2021 dues. This decision was made by the board since we have not been able to have many events or meetings this year.
